

Social Distancing mats USA

DESCRIPTION

What are Social Distancing Floor Mats?

Our social distancing floor mats encourage people to stand 6feet apart to keep customers and staff safer. They're ideal for use in entrances, lobbies and near checkouts.

Where can these social distancing mats be used?

These social distancing mats can be attached to any smooth, clean floor and are ideal for use in retail premises. They have a textured surface designed to prevent slipping.

Use these mats to reinforce the new-normal hygiene that is required to stop COVID-19 (novel coronavirus) and other infections in your workplace.

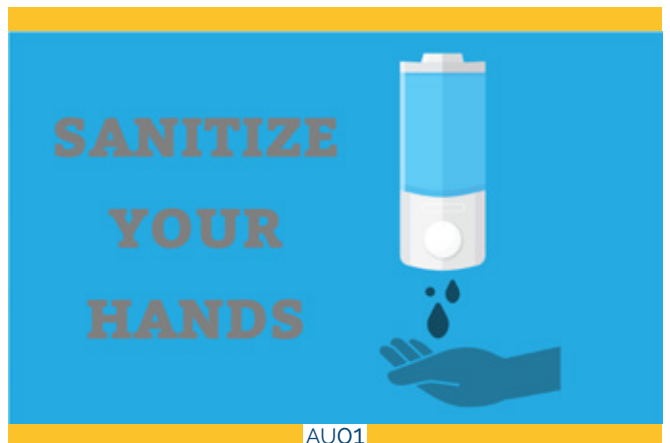

These mats stop dirt and debris while adding aesthetic appeal. They are printed with a state-of-the-art process in which dye is injected deep into the carpet pile for long-lasting vibrant color that resists fading over time. The mat itself is made from a high quality fiber with a heavy-duty vinyl backing that creates greater surface friction, greatly reducing mat movement on smooth floors such as wood, marble, tile, or concrete. They have 24 ounces of cut-pile nylon per yard, providing increased moisture retention.
