Education/Employment: BS Civil Engineering (Clarkson University), 25+ years in construction management at Clarkson University, The Whiting-Turner Contracting Company, and Cayuga Medical Center

Community/Library Services: Library Trustee, Ulysses Philomathic Library- 12 years (10 years as President)

Personal Statement:

I've had the pleasure of working as a member of the UPL Board of Trustees for the past 12 years, and will be coming off the board at the end of 2023. During my time there, I have enjoyed many interactions with FLLS over the years: attending the annual meetings, taking part in a wide variety of educational sessions that have been offered, as well as working closely with Sarah Glogowski as she has helped us navigate a number of challenges/situations at UPL.

I originally joined the UPL Board to help out an organization that meant so much to my family (we have four kids who have grown up loving our little library). By the same token, I'd now like to offer my assistance to FLLS as they support not only UPL, but all the other many wonderful libraries across the system.

I, 
(Signature)

hereby affirm my intention to run for a seat on the Finger Lakes Library System Board of Trustees and further affirm that I shall attend a majority of the meetings held by the Board of Trustees each year, should I be elected.
